PROFESSIONAL SUMMARY

B.Tech Computer Science graduate with knowledge of Python, Django, SQL, REST APIs, HTML, CSS, and JavaScript. Hands-on experience in developing web applications using Django, implementing CRUD operations, database management, and user authentication. Familiar with object-oriented programming, data validation, and Git. Seeking an entry-level Python Developer role to apply technical skills and contribute to real-world software development projects.

TECHNICAL SKILLS

Programming Languages: Python, SQL
Python Libraries: Numpy, Pandas, Matplotlib, Seaborn
Web Technologies: HTML5, CSS3, Bootstrap, JavaScript
Backend & Frameworks: Django, REST APIs
Database: MySQL
Core Concepts: Object-Oriented Programming (OOP), CRUD Operations, DBMS, Authentication, Validation, Exception Handling, File Handling
Tools: Git, GitHub, Visual Studio Code

PROJECTS

Online Shopping Application *Python, Django, MySQL, HTML, CSS, Bootstrap*

- Developed a responsive online shopping web application using Django and MySQL to manage products, categories, shopping carts, and customer orders.
- Implemented user registration, login, logout, and profile management functionality.
- Built product browsing, search, category filtering, product details, and shopping cart management features.
- Implemented cart quantity updates, item removal, checkout, and order history functionality.
- Integrated MySQL with Django ORM for database operations and data management.
- Designed responsive user interfaces using HTML, CSS, Bootstrap, and JavaScript.

Employee Management System *Python, Django, MySQL, HTML, CSS, JavaScript, Bootstrap*

- Developed a database-driven employee management application using Django and MySQL.
- Implemented CRUD operations to create, view, update, and delete employee records.
- Added employee search, department filtering, and pagination for efficient record management.
- Implemented Django authentication to protect application pages and manage user access.
- Integrated validation, exception handling, Django messages, and database queries into application workflows.

INTERNSHIP EXPERIENCE

Full Stack Developer Intern, Kiran Academy *April 2026 – October 2026*

- Developed full stack web application features using Python, Django, HTML5, CSS3, JavaScript, and Bootstrap.
- Designed database models and integrated MySQL using Django ORM to build CRUD-based modules.
- Implemented user authentication, form validation, and exception handling in Django applications.

GenAI Intern, Systemtron *March 2025*

- Completed hands-on technical activities related to Generative AI concepts and practical applications.
- Explored AI-assisted development concepts through assigned internship tasks.

EDUCATION

B.Tech, Computer Science Engineering – Sanjeevan Group of Institute, Panhala *2026 | CGPA-8.66*

HSC – Vishwaseva Junior College of Science *75.50%*

SSC – Shivaraj Vidyalaya, Aitwade Khurd *83.20%*

CERTIFICATIONS & TRAINING

- NPTEL/SWAYAM – Programming in Python (78%)
- SQL Certification – DVSP
